

THE SOSIN

"Game over, man. Game over!" - Private Hudson, Aliens

Issue 7, January 14 2018

And so all good things must end

Congratulations everyone, you all successfully survived another week at the most magical place on Earth: Sõrve (beat it Disney).

I am so thrilled to have had the opportunity to write the Sosin for all of you, seriously I've had a blast and I'm just so touched by the reaction I've gotten.

Was totally stressing myself out all week over this damn thing I'm just feeling a full wave of relief wash over me as I smash out this last ish.

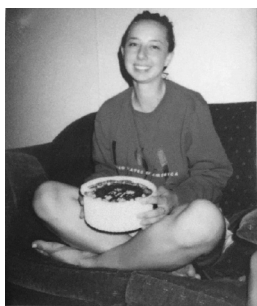

I know there was a bunch of you I missed for profiles and interviews, and I truly wish I had time to talk to each and every one of you.

My favourite moment was probably sailing with Sigi and doing the high ropes :-).

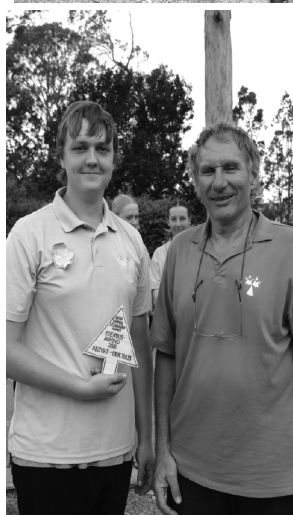

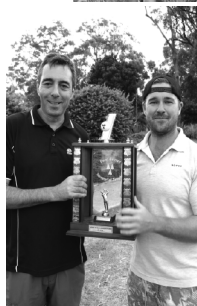

Anyway this is going to be a photos only issue because I'm really tired and I want to go to bed soon. See you next year! - **Tomas Kuru, really, really tired**

The only piece of gossip in this issue:

Harri may or may not have mispronounced an Estonian word and accidentally swore.
