700g fresh cabbage, sliced
10 tablespoons sugar

In a large saucepan, using half the butter, lightly brown onion and bacon. Add fresh cabbage, sauerkraut with juices, sugar and approx 3 cups of water. If you have a pork roast in the oven at the same time, use some juices for sauerkraut, adds to the taste.

I'M CUTE BECAUSE I'M LITTLE!!!

Hapukapsad

100-200g võid
1 sibul viiludeks lõigatud
250g peekonit hakitud väikesteks tükkideks
700g purk Edgell hapukapsaid
700g värsket kapsast, ribastatud
10 spl suhkrut
vett

Suuremas kastrulis pruunista umbes poole võiga peekon ja sibul kuni viimane kollakaspruun, lisa värsket kapsast, siis hapukapsas koos vedelikuga. Lisa suhkur, ca. 3 tassi vett ja lase madalal kuumusel aegamööda haududa, vahete vahel segades ja lisades vett, kui hakkab kuivaks jääma, 3-4 tundi. Võib lisada ülejäänud või. Kui samal ajal on ahjus seapraad, siis võib lisada ka lihaleent, mis annab hea maitse. 10-12 isikule.

Gossip Tüdrukud

Hello Sörve campers.

It seems there's a cougar in town, and she's already making moves. Take this as an official warning, Tare 3, you're being hunted.

Girls, you may want to check on your suitcases. Word has it that the eldest boys are spending their spare time trying on girls underwear, someone should give them a proper bra fitting.

Spotted: a space cadet and a cowboy playing games.

Jealousy brews amongst the Juhid. The girls are feeling left out and appear to be craving a little publicity. All we can say is, do something worthy of our attention.

Until next time Sörve,

xoxo Gossip Tüdrukud
